Special Rules

Apple Core

The Fairey Albacore was versatile enough to serve as a divebomber or torpedo bomber. In the game we've made it a divebomber because its performance as a torpedo bomber would be identical to that of the Swordfish. (If you really must have a torpedo-carrying Albacore, treat it as a Swordfish with a range of 3 and increase its cost to two points each.)

Lend Lease and the Commonwealth

You may purchase any carrier-based fighters or torpedo bombers from the American Navy List. You may purchase Dutch or Australian ships. They have the same repair level as British ships.
